## TRADE PRICES FOR SEEDS - SEASON 1938-9

Seeds listed below will be available in commercial quantities at various times between May 1938 and January 1939, according to their seasons of ripening.

Not less than half the quantities stated are available at the wholesale prices given.

Enquiries should be made for trade prices for any seeds not listed below, but included in our retail Catalogue and we will endeavour to quote subject to supplies being surplus to our retail requirements.
